I, the undersigned, indemnify the PLAYBALL Coaches of any responsibility should my child be injured through his/her participation in the PLAYBALL programme. I agree to be responsible and make payment of services rendered by PLAYBALL. I agree to give ONE calendar month's paid notice. I accept the terms and conditions as per in this leaflet.

Parent's Signature \_\_\_\_\_

Date \_\_\_\_\_

## Terms & Conditions

- All accounts are payable at the beginning of the term. Fees payable in cash or by cheque by eft. Bank details below. Please ensure that you pay into the correct account – it has been highlighted below.
- Please settle by the second week of the term to ensure that your child may continue with Playball classes.
- One month's notice is required on leaving PLAYBALL. If I leave without giving prior notice I will be responsible for one month's payment.
- Classes are presented for 8 weeks of the term.
- The annual fee goes toward costs to ensure continued quality service. This fee is payable together with the entry term's fees.
- There is no reduction for any non-attendance due to illness or any other reason – lessons may be made up. No coaching on public holidays.
- Coaches are not responsible for children before or after their lesson times.

## The Sports Programme with a difference!

The concept of **Playball** started more than 30 years ago and is still run by the same principle: we believe that the programme makes an excellent contribution to every part of a young child's life by developing physical skills.

At **Playball** your child will be coached positively and encouraged to develop life skills which will improve self image. We believe that competence leads to confidence and ultimately success.

**Playball** is an educational programme. Sessions are structured and coaches are handpicked and trained frequently.

The concept has been successful in South Africa and in twelve foreign countries.

At **Playball**, your child will be exposed to a variety of developmental skills which will assist in school readiness and as a result will probably show improved results in the classroom!

## PLAYBALL and the Modern Age

### WHY PLAYBALL IS SO NECESSARY:

Our technological age has so many advantages, but it also creates a disadvantage regarding our children's physical development. **Motor development** forms the basis of all learning and causes our teachers to be concerned as children are becoming increasingly weak in this area. Many children have learning problems and sport coaches complain that young children have not mastered basic skills when they reach Grade 3.

Parents are also worried about children who are overweight and not interested in sport or physical activity. Computer games, less freedom due to security, an increase in single children and a higher academic standard with much homework does not bode well for the current situation.

**WHY PLAYBALL IS SO VALUABLE:** it motivates children to participate in sport and sparks an interest in physical activity because children are more successful from the word go.

### GENERAL

At **Playball** we only teach 6 - 10 children per session – which guarantees individual attention and results. Children receive progress reports and are rewarded with certificates on completing a stage. Parents receive information and newsletters regularly to keep them updated about development. **Playball** coaches are partners in education who work alongside school staff to give your child the best chance in developing optimally.

## Additional Services

### PRO-CRICKET

- ages 5 to 7 years
- range of cricket skills including: fielding, bowling, batting, wicket keeping, rules, umpiring signals, etiquette
- maximum of 10 per class
